Grug and the Bushfire

It had not rained for a long time. The grass around Grug's house was very dry and brown. Many leaves were falling from the trees. One very, very hot day Grug noticed a cloud of smoke in the distance. It seemed to be getting closer and closer to his home. Then Cara hurriedly slithered up and said 'It's a bushfire!' Grug had never seen a bushfire. 'We should be safe in your house', said Cara, 'because you live under the ground.' Grug is back from the bush to remind us of the importance of looking after each other, renewing the Australian wilderness and the caution we all need to take during the bushfire season. A very special book for early readers and parents alike this Christmas.

To Asia, With Love

Everyday Asian recipes and stories from the heart

To Asia, With Love

To Asia, With Love is my homecoming, a joyous return to the humble, yet deeply nurturing flavours and meals of my childhood as a Chinese girl born in Australia. It is also a celebration of the exciting and delicious possibilities of modern Asian cooking.' Recipes range from the traditional - salt and pepper eggplant, red curry laksa, congee, a perfectly simple egg, pea and ginger fried rice - to Hetty's uniquely modern interpretations, such as buttery miso vegemite noodles, stir-fried salt and vinegar potatoes, cacio e pepe udon noodles and grilled wombok caesar salad with wonton crackers. All share an emphasis on seasonal vegetables and creating irresistible Asian(ish) flavours using pantry staples. Whether it's a banh mi turned into a salad, a soy-sauce-powered chocolate brownie or a rainbow guide to eating dumplings by the season, this is Asian home cooking unlike anything you've experienced before.

Vibrant recipes from the West Coast

Eat California

It's safe to say that California has a lot going for it: a laid-back lifestyle, golden beaches, and a vibrant food culture. The seafood is fresh, the produce organic and plentiful, and the farmers' markets are a wealth of riches all year round. Thanks to the coastal state's fertile soil and temperate climate, local produce is varied and abundant, from the famed citrus to the beloved avocado. But beyond the impressive range of produce available, the state's cultural diversity means finding vendors hawking handmade tacos next to a bustling Korean BBQ restaurant. The food scene offers an abundance of flavors and techniques, and Californians appreciate them all. It is this genuine love of food – preparing it, eating it and sharing it – that fuels this positive energy in kitchens and around tables, and makes California truly golden. This book celebrates the incredible food found on the West coast.

This One Wild and Precious Life

In *This One Wild and Precious Life*, Sarah Wilson explores the central disorder of modern existence: disconnection from ourselves, disconnection from community, disconnection from the preciousness of life on this planet. *This One Wild and Precious Life* is a journey of the soul, a case for why we need to cast off our too-tight psychic apparel and step bravely into the uncertainty of 'giving a fuck', the whirlpool of finding purpose, and the perilousness of connecting fully, passionately and unequivocally to life again. Sarah's journey pivots from her own anxiety and feeling of disconnection, as she takes the reader on a three-year odyssey to reconnect with the life she feels we are losing via a series of hikes around the world. Throughout, she brings together science and spiritual understandings ('East meets West'), following in the footsteps of artists, poets and philosophers, to amplify the conversation that the world wants and needs to have right now.
